CEO MESSAGE "65 YEARS OF SERVICE"

FEBRUARY 2020

CEO Update
Russell Triolo
Chief Executive Officer

Boys & Girls Clubs of Union County is proudly celebrating it's 65th anniversary this year! Over the past 65 years, we have touched the lives of over 150,000 children. Throughout this year, we are going to be highlighting many of our programs and the achievements of our youth members.

Without the support of our professional staff, board members, sponsors and the communities we serve, we would never have been able to provide outstanding programs and services to the youth of Union County. Our services are needed more now than ever. Because many of the families we serve experience uncertainty in many areas of their lives, they have fewer and fewer choices for taking care of their children and teens after school. Boys & Girls Clubs of Union County serves almost 800 kids on a daily basis during the school year and 300 kids each summer.
